

## Year 5/6A

Welcome back to Term 3. We have just finished our Sports Days and can now focus on our learning. This term we are focussing on a book called Islands in my Garden by Jim Howes and Roland Harvey. Students will investigate different animals and plants native to Australia and how living and non-living things affect each other. They will also look at life cycles of various creatures. Below are a list of the class rules as discussed and a brief overview of a normal school week in 5/6A. There are also some student links. If you have any questions, do not hesitate to contact the school to organise a meeting.

Looking forward to a fantastic year.

Mr. Matt Avery

### Rules:

- Be safe
- Always try your hardest
- Treat others how you want to be treated
- Be responsible for your actions
- Be the best person you can be, and
- Have Fun!
